

**PURPOSE:** To study the history of the buffalo soldiers, and to show our pride in and our respect for their many accomplishments made during the decades following the Civil War. We are dedicated to informing society of the significant contributions, made by the Buffalo Soldiers, to this country's rich history. We honor our heritage by performing community service that enhances and promotes social growth. The methods used to share information about the Buffalo Soldiers are; doing presentations at schools, churches, community events, by creating projects that will enhance the ability to honor and share the information about this part of military and American history.

When you join the Association, you become part of a community working to further the legacy of Buffalo Soldiers at West Point and beyond.
